## ECYEH Data QUICK GUIDE: Reset My Password

If you cannot remember your password, click the **Forgot Password?** link in the bottom corner of the login window.

A Retrieve Password window will appear. Enter your last name and your full email address. Click **Send my password**. You will notice that a message appears below the button indicating that an email has been sent after clicking the **Send my password** button.

Retrieve password	
Send my password An email has been sent to elemencemel@aiuA.net	

You will receive an email containing a temporary password.

Go back to the ECYEH system login screen to enter your email and the temporary password. You will proceed to a user update screen where you will change your password. Remember, passwords:

- Cannot be the same as the old password
- Must contain one of these special characters: @ + \ / ! # \$ ? : &
- Must contain at least one upper case letter
- Must be 8 to 20 characters long
